
INTERESTED IN INSTRUCTING?

New Instructors Course

Hi everyone,

The ACTAA is planning to run an Instructors Training Course in Canberra on Saturday May 30. It will be an all day course with the Theory component taking place at CMAC in their club room and the Practical component taking place at BMAC using their training equipment.

The course is open to any MAAA members with Gold Wings.

If you've previously been, or currently are, an instructor you do not need to attend unless you want a refresher. The MAAA has changed requirements for instructors so that the qualification now lasts indefinitely as long as you maintain your membership of an MAAA affiliated club.

The ACTAA will be providing a sausage sizzle for lunch.

For more information, or to register to attend the course please contact me, Troy Denley, at email cfi@actaa.net.au or on mobile 0432 983 880.

Troy Denley
ACTAA Chief Flying Instructor
